## In Towns About

\*\*\*\*\*\*\*\*\*\*\*

Arkanana City.

From the Daily Traveler. Today was paper day on this division If the Santa Fe system. It comes on the 13th of each month. Paper day is the lay that all the waste paper that has men gathered up during the month at the stations and is shepped to Chicago. All waste paper around stations used to pe burned, but now it is saved, sacked up and sent in the baggage car to the

where it is disposed of. Will Pratt and Jack Maddox have natched their horses for a 600 yard running race for a purse of \$100. Pratt has its horse at Kiowa. The facts of the natter is no one knows Pratt or his torse. He dropped in town, run up training Jack, and Jack talked and the grant of the property of the Will Pratt and Jack Maddox have stranger called him. The race will be 

empany's headquarters in Chicago,

The case against M. E. Roderick in ick was arrested charged with refusal the box in the second inning. Rusic was to pay his poll tax. His defense was almost invincible in pitching but errors by that he did not refuse but wanted to de- himself and Warner aided the Senators in one who owed him to do the work. The James d'd masterly work, while Meekin case was dismissed on his arranging to was hit hard. Attendance 11,200. Score:

George Roberts, the one-legged Arkansas City bloycle rider, says that he will pitch the next game of ball that is played between Winfield and Arkansas iCty and says he will win it on the theory and says he will win it on the theory Washington ....... 201101010-610 2 that Winfield's stuggers are not mean New York ........ 200000011-412 2 enough to hit a cripple.

The postoffice department has knocked out a couple of panels in the front part of the general delivery window. It is claimed that this was done to give Jim Aiken's feet more air.

Fifteen steam threshing outfits have been unloaded at Newkirk and are scat-tered over Kay county, threshing the of the box in the ninth inning, being reimmense wheat crop.

### Winfield. From the Dally Courier.

Dr. E. B. Emery objects to Captain Gary assuming the credit for the first roasting ears of the season. He says he has been eating home grown corn for a week, but unlike the latter he knew it was coming and has been looking forward to a good thing for some time.

Tom Harrod tells a new wheat story that will bear repeating. He says down seither cut nor thresh their wheat. They will wait until it is shelled out by the Brooklyn wind and then go in with scoop shovels and secop it up.

Dr. Rees came in on the early morning train and is being entertained at the home of Col. Fink. He is to speak at those who hear him are promised a rare

## TONIGHT IS LAST

GERMAN-AMERICAN STAFF OF PHYSI CIANS AND SURGEONS WILL LEAVE SUNDAY.

### THEY GO TO ARKANSAS CITY

What Some of the Prominent as to the Remarkable Success and Skill of These Specialists in Curing Disease.

The meteorite that went whirling through the upper air a few nights ago, lighting up the whole country with dazzling brilliancy, then speeding onward, to be quickly lost in space, and followed by a deafening roar like the many of the traveling medicine companies which have passed through Wichita in the last few years. They come from no one knows where, flood the country with lurid announcements of the great things they propose to do and the wen derful cures they are able to accomplish; then, after a few fleeting days of trumpet blowing and money grabbing, they depart as mysteriously as they came. The heavy detonation that follows their mid- the public can put an end to by refusnight flight is the chorus of disgust and ling to trade at stores where it is pracdisappointment that goes up from the ticed. hundreds who believed their rainbow promises, invested their money in worthless and frequently harmful nostrums "warranted" to cure all human ills, and then found themselves duped and swindled.

The German-American Staff of Physicians and Surgeons who have been in Wichita for the past ten weeks, and whose engagement closes tonight, are a notable exception to the general rule. Their Kansas record is an open book. They have been in Hutchinson, Newton and Wichita since December 9, and their next stop will be in Arkansas City, then at Winfield. Their departure is a matter of general regret, rather than of congratulation, for they have brought gladness to scores of Wichita homes, and benedictions, instead of maladictions, will follow them to their new fields of labor. Through their skillful ministrations the roses of health have been restored to many a fair cheek and the old time zest and pleasure of living & Son, the well known Newspaper Adhave been brought back to many whom vertising Agents of Philadelphia, and disease had wasted until life was scarce worth the living. Results have been accomplished here by the application of professional skill, scientific principles and the use of the latest and best surgical appliances known, that would have which reference will offener be made, been heralifed abroad as triumphs in The newspapers of the country and the operative surgery had they occurred in traveling public generally will, we as any of the large cities of the east and sure, he greatly benefited and gratifibeen achieved by the old school of doc- by this provision for their convenience tors

Mr. and Mrs. Jorgensen returned last

Mr. and Mrs. Jorgensen returned last edge and skill he may hope to achieve to sleep, but he has splendid vitality and thrives on bard work. There has and sheep never been a time for weeks when there were not from ten to fifty patients | The GREAT LAKES waiting in the reception tent, and his time has been taken a week ahead right cents is just as good as a rich man's

Dr. Clark said: "A poor man's hundred will be difficult to discover the precise.

All hat can be zaid at present is grassers were weakening.

Hogs—in nogs, packers took off a good as careful consideration as his rich part of yesterday's advance. A few early sales were much at yesterday's prices, and fancy hogs sold at \$1.90, which was the high price of the day. The day's business was done at a decline of about 5 cents, with sales at \$1.863.55, largely at \$2.903.55.

Short. Trails were not any lower, but the dollar, and the poor man is given just as careful consideration as his rich neighbor.

The reporter had heard so much about the work of the doctors here that he decided to go on a little tour of investigation on his own account, and find out

Sheep-Trade in sheep and lambs was a little slow, and the improvement was largely lost, spring lambs going at \$1,0005.50.

Sheep-old at \$2.506.10, the bulk selling at \$1,0005.50.

Yearlings soid at \$2.506.50, the bulk selling at their own horns, and people are apt to take their statements with a grain of selling selling selling at their statements with a grain of selling who have tested their skill is of the

> My nazal passages are restored to their normal condition, and I have no more headschen. I am delighted with the treatment I have received. Many cases have come under my personal observa thin where diseases of long standing have been successfully treated by these specialists. They are very excellen gentlemen and treat everybody right." John Braitech, the well-known shoe

dealer, was interviewed. He said: "My hoy has for a long time been afflicted with what every doctor in town that I consulted pronounced hay fever, and they doctored him for that until they considered the case bopeless, and then they advised me to take him to Colorado as the only means of saving his life. I had all arrangements made to go when the German-American Staff of Physitions and Surgions came to town and I decided to consult them. Dr. Kelth told me the disease was not hay fever at all. but some other bronchial trouble and gave me medicine for that. He said it would be sure death for the boy to g to Colorado, as he could not stand the climate. The first time I took the boy to the tent in a carriage, and also the second time. The third time the hoy malked down himself-he was so much setter. He is nearly well now and I hope and believe he will be entirely well within the time stated by Dr. Rejth as necessary to effect a permanent ours."

his opinion of the German-Americ doctors and he said: "They have given splendid satisfaction in every case has come under my notice, and I have unbounded confidence in them. My wife, as you know, has been a suffe wife, as you know, has been a sufferer from paralysis for twelve years. I had no idea they could cure her, for eminent specialists whom I have consulted in the east have told me her case was hopeless. However, I took her to see these doctors. They examined her and pronounced her incurable, but said they would give me some medicine that would make her easier. They would not take a cent for the prescription, which had the effect they said it would. If Men of Wichita Have to Say they were 'quacks' they would have got all the money out of me they could. Everybody I know that has been there is simply delighted."

> Instances might be multiplied where cures have been effected, but lack of

space forbids. The Vivian De Monte company, the vaudeville annex through which the physicians are introduced, has delighted the fun-loving public for ten weeks, attracting immense crowds night after night. on several occasions the big tent with booming of cannon, was fairly typical of 2,000 seating capacity not being large enough to accommodate the The remarkable popularity of this company is due to the individual excellence of the performers and the continual variation which is afforded. They leave here on the Sunday morning train for Arkansas City, where they will remain for an indefinite period.

The substitution of one article for another is a kind of green goods game that

A Great Convenience for Travelers

Pullman's Palace Car Company have added the American Newspaper Annual to the ilbraries on the "Pennsylvania Limited," "Colonial Express" and other trains of that class. The Wagner Palace Car Company have made timilar provisions for their passengers. This work is also in the libraries of nearly all the Ocean, Coast, Sound, Lake and River Steamers.

The American Newspaper Annual is an encyclopedia of newspapers and periodicals published in the United States, Territories and Dominion of Canadia, and of gazetteer facts of the places in which they are published, These gazetteer facts embrace population, political complexion, transportation and banking facilities, leading products and industries, and other information which is of especial interest when traveling through these places.

The work is published by N. W. Ayer has long been recognized as the authority on all matters of this kind. We feel confident that do more useful
